

## **BOARS THAT ARE OBVIOUSLY DOMESTIC IN BREED**

You have become an official scorer for *Weiser Weight and Tusk* due to your involvement with and knowledge about wild boars. The wild hogs that roam the United States and most of the world are the product of a boiling pot of cross breeding caused by hundreds of years of importation, migration, and release/escape from captivity. *WWT* is a scoring system and record book for “wild boars” and “wild bairs”. The word “wild” carries several meanings and definitions in itself. As an official scorer, we are asking you **not** to accept hogs that are obviously domestic in breed. We all know the difference between a wild hog and a 4-H show pig, but sometimes there are those hunters who will try to pass a domestic hog as a wild boar. This initial judgment falls on you. You have the right to reject a hog you think is domestic in breed.

*WWT* requires a photo of the hog being scored. This is the responsibility of the hunter and can be sent in by the hunter. The photo does not have to accompany the score card but has to be sent in no later than 30 days after the score card is received by WBUSA. When scoring the hog, please encourage the hunter to take several photos to make sure a quality picture is obtained. This photo will be used in the final determination of the “wild boar” status and can void the score card if the hog is rejected by *WWT*.

## **WEISER WEIGHT AND TUSK RECORD BOOKS**

We keep separate books on boars that are **free range** and those harvested from **high fence** ranches. Please be sure to circle the appropriate designation at the bottom of the score card and include the number of acres in high fence areas. **There must be at least 100 acres fenced to be considered for record book entry.**

Due to many hunters, trappers, and ranchers castrating and releasing young boars, we also keep separate books for **bairs**. This will insure complete fairness and will also give a reference to actually see how castration improves growth ability. If you score a barr, please remember to circle barr at the top of the score card. The official *WWT* record books are as follows:

**FREE RANGE WILD BOARS - W & T CLASSES**  
**HIGH FENCE WILD BOARS - W & T CLASSES**  
**FREE RANGE WILD BARRS - W & T CLASSES**  
**HIGH FENCE WILD BARRS - W & T CLASSES**
